erywhere in Europe the crisic of t fleet around the world was accepted in as an extraordinary feat. Tellec-a highest honor spon our havy, is a of the movements which tends

to the cuise of international peace. As regards the Parastic canal, I really think that outside nations have a furier idea than our own people of the imagnitude and species of the magnitude and species of I what our people resized what is being dense on the Lethnise. If a man of intelligence also had never retible country asked me whether I would advise him to make a short trip to Europs, or a trip to the Panama canal I would without hesitation, advice him to go to the Panama canal I would there see in operation like completing of one of the great feats of modern times. Calonel Greethals and the men working under him are readering a service to this country which can only be paralleled to our past distory by some of the services rendered to certain wars.

ware of the services rendered 16 certain ware.

"Six years ago last spring the American government took pomession of the 1sthmia. The first two years were devoted to the sanitation of the Ishmiae to assemiling the plant and the working force, and providing quarters, foliot and water cupplies. In all these points the success was extraordinary. Promisine of the plague spots of the globe, once of the most unbestifity regions in the cottre world, the lathmas has been cursed into a singularly healthy place of abodic, where the death rate is small and where hundreds of children are now being raised under as favorable conditions as in react parts of the United States. The quarters food and water supply are carellent, and the plant the head would approve. Active excavations on a large scale did not head outlit January, 1981. Three years and a half have gone by since they, and three-little of the total execution in a large water already town accomplished. The amount taken out has passed anything winth preand three-fifths of the total execution is already them accomplished. The amountaken out has passed anything which reviews experience warranted as in believing to be possible. In 1988 and 1999 it is be possible. In 1988 and 1999 it is be possible. In 1988 and 1999 it is to the possible of rock and earth remove was three million cubic parts, notwith standing the fact that him months of one relative to the fact that the part of the excavaling to the part of the excavaling the part average of regarding the part average of regarding the part of the part of

Orange Blossoms, Handsome ading among the guests before the Gowns, Picture Hats, Beautiful Music and Charming Principals Figure in Interesting Marriage.

In the presence of more than 150 members of the Order of Eastern Star and affiliated Masonic bodies there occurred in the Mosonic temple last evening a society weedling of more than passing interest to the people of Albuquerque. The principals were prominent members of the Eastern Star and at the conclusion of Couldn't Get Home Before Eight o'Clock at Night Be-Eastern Star and at the conclusion of the wedding ceremony, which was personned by Mr. John A. White were showered with congratulation by their friends.

The wedding was entirely formal The british party entered the lodge Five small love were before Thomas McMillin, chief of police, last night and are to appear in police court to-day. They admitted having stolen sucks of lead pipe and other lunk. The chief lectured them on remainfrom an antechamber and proceede down the center to a temporary al-tar, which had been erected especial-ity for the scremony. The procession was proveded by Maxter William Goodrich, as ring heaver. The bride ing out at night after 8 o'clock. The only boy who offered an excuse was a little red headed chap who said he Goodrich as ring bearer. The bride was given away by Mr A. Chadwick. Mr. White in a digniand to attend the principles of the band?" asked the chief "Not exactly," replied the boy. "You see I'm the massed splan married life for the average plan married life for the average hand had finished practicing.

The principles of the bond?" the young couple quickly and the young couple quickly and the young couple numerous securing from the bride numerous promises which would mean a Utopian married life for the average husband had finished practicing.

The product of the young couple quickly and the young couple numerous asserting from the bride numerous promises which would mean a Utopian married life for the average hand recessional Mrs. Luther Sewart played selections from "Lobengrin," which added much to the

When the newly married couple reached the contibule of the ledge room the groom attempted to kiss the bride, which resulted in a most em-barrassing situation, the bride refus-ing to permit her newly acquired ing to permit her newly acquired husband to practice the art of oscullation, theoretically or practically. The guests at the wedding were horrified, and the attendants shocked to say the least, when the groom calmip reached over and lifted from the head of the bride her pretty picture are taken with it beautiful smooth

not taking with it a beautiful supply of false hair.

The wedding was a "third degree" for fair. The "wise ones" were few and far between. The original "wise one" was Mrs. Minnie Miller, source-
